Comment text:

Wherstead Parish Council is broadly in favour of the proposed ward boundary changes proposed. Wherstead is closely linked to the issues such as transport that effect the other parishes on the Shotley peninsula. We would welcome a one member ward that aligns us with other parishes on the Shotley peninsula. We have less in common with Bentley other than the A137 but we accept that this is probably down to numbers rather than geography. We can only assume that the name of the new ward is a typo and should read Chelmondiston.
