

## Babergh District

### Personal Details:

**Name:** Elizabeth Aldous  
**E-mail:** frestonpc@gmail.com  
**Postcode:** [REDACTED]  
**Organisation Name:** Freston Parish Council

### Comment text:

Commends from Freston Parish Council. We are a small parish in numbers but do cover a large rural area and the road that runs through this village is the main road into the Peninsula. We do not wish to be in a ward that has 3 councillors. We have 2 at the moment and they hardly ever turn up to our parish council meetings. They also have different views and one appears to be only interested in other villages. We suggest that instead of a large ward with three councillors there should be three separate wards comprising of the following:- Based on 2017 figures there are 6364 Electors on the electoral role for the 11 parishes which gives an average of 2121 per councillor Based on the projected 2023 figures: One ward Stutton 712, Holbrook 1506 Harkstead 233 total =2451 Second ward Shotley 2304 Erwarton 110 total = 2414 Third ward that would include Freston. Total over 2110.
