

Isle of Wight

Personal Details:

Name: David Lewis

Organisation Name: Freshwater Bay Residents Association

Comment text:

Post code: PO40 9PD The extra "bits" added to Freshwater South would seem reasonable as they no longer split areas along roads, i.e. the urban area of Middleton no longer has one side of the road in Freshwater and the other in Totland. I can also understand the removal of the West Wight and made the whole thing Freshwater North, so as to be more representative by population, though this is the area that is attracting the most planning permissions for new builds.
