Postcode:

Organisation Name: Eythorne Parish Council

Comment text:

Eythorne Parish Council have been looking for an alternative to the village of Elvington being split from Eythorne and Barfrestone and put with Aylesham. Eythorne Ward comprises of 3 villages and the Councillors would prefer all villages to be served by the same Dover District Councillor. Therefore after much deliberation, the Council would like to propose an option of two 3 member wards: 1. Aylesham, Nonnington, Eythorne, Shepherdsweil with Coldred 2. Capel-le Ferne with River, Temple Ewell, Lydden, Denton with Wootton can be placed with either Ward and still be within the criteria for the boundary commission. This option meets the allowable variance; Aylesham in 2019 is below but no more than some other wards, and this re-balances by 2023. Elvington and Eythorne share many local amenities including Primary School, Sure Start, Sports grounds, Churches, Bowls club, Welfare club, Luncheon club, Community Centre, shops and other local groups. Geographically they are closer with no barrier between the villages. The major consideration for the proposal of two 3 member wards would be the names for each ward, as existing names would not be consistent with the proposed village groupings.
