Comment text:

1. Wray Common (both sides of Croydon Road) should be included in its entirety in the Ward named either Coles Meads & Wray Common (as shown on the map) or, preferably, Redhill West and Wray Common. 2. The comparative percentages between Reigate Ward (+0.6%) and its neighbouring Meadvale & St Johns Ward (-8.3%) are unbalanced. Reigate Ward is seeing a far higher incidence of windfall development than Meadvale & St Johns Ward and everything indicates that this situation will rapidly continue to the point where the population in Reigate Ward will considerably outnumber the populations of Meadvale & St Johns Ward and all its other surrounding wards. In an attempt to rectify this, I would recommend that the south eastern side of Reigate Ward's boundary incorporate Doods Park Road and Ringley Park Road and return all that remains to the east, beyond Doods Park Road and Ringley Park Road to Meadvale and St Johns Ward. 3. Apart from these two observations/comments/recommendations, I congratulate all those involved in making such a good job of a very complicated issue.
