Comment text:

We welcome the LGBCE's electoral review of Reigate & Banstead, given the imbalances which have arisen between wards since the last such review. Since the Reigate Parliamentary Constituency covers the majority of the Borough area, and therefore we, as Reigate & Banstead Conservative Association, cover the majority of councillors currently on Reigate & Banstead Borough Council, our councillors have actively contributed to the Council's own submission to this consultation. We therefore support the Council's submission, as set out in the published papers for the Council meeting on 12 April 2018.
