Dear David

I would like to confirm that I agree with the draft recommendation outlined in paragraph 63 that Peasedown St John's ward boundary should stay the same, given both the compatibility with the parish boundary, and given the appropriate and recommended ratio of councillor representation for the population of this ward area.

Kindest regards

Dear David

We are now in receipt of the draft recommendations, and having read para 63 regarding our ward, I have the following query:

Aside from mention of the Conservative request to add Camerton to another ward, there is no confirmation under the relevant paragraph that Peasedown will stay the same.

Before we submit our views, could you clarify that that is the case?

Kindest regards,
