**Subject:** FW: Objection to Ward Boundary changes

Dear Review Officer

I would like to object to the present proposed changes to the Lambridge Ward. Although having a specific Councillor for Larkhall does not initially seem a bad idea, the problem with the boundaries is that St. Saviour's Church which is very much part of the community of Larkhall and is no more than three hundred yards from the middle of Larkhall itself, has been excuded from the new Larkhall Ward Boundary. This is clearly unsatisfactory as the Ward Councillors who we have on many occasions worked with for community events etc are now technically not our Ward Councillors any more.

I think that the new boundary proposal that is at the moment cutting off an area which people would regard as clearly part of Larkhall ought to be altered to include at least what was part of the old Lambridge Ward.

I hope this will be seriously considered along with all the other objections.

Yours sincerely

Revd Michael Norman on behalf of St. Saviour's Church.

Michael Norman
