Subject: draft recommendation ward boundaries for Bath and North East Somerset consultation response

Dunkerton and Tunley Parish Council would kindly suggest that combining us with the adjacent parish councils of Camerton, Priston, Englishcombe (from the abolished Bathavon West Ward) and Timsbury would be a better solution than the one proposed as we have more in common with these parishes. The proposal to link Dunkerton and Tunley Parish Council with the parish councils to the east of the revised Bathavon South Ward would be detrimental to the parish. Parishes in the east of the new proposed Bathavon South Ward have more in common and closer administrative ties with their neighbouring councils in Wiltshire than villages such as us in the west of this new version of the existing Bathavon South ward
