Organisation Name: Midsomer Norton Town Council

Comment text:

On behalf of Midsomer Norton Town Council, of which I am the Town Clerk, I wish to raise an objection to the creation of two "Parish" wards where there is currently only one. At its meeting on 8th January 2018 the Town Council resolved that it wished to retain a single ward on the grounds that town-wide issues are better managed this way and that previous experience of splitting wards had seen a narrowing of views and less democratic representation of wider issues. The Town Council wishes to make a strong representation that it should retain a single ward and that this was unanimously agreed by all of its eleven Town Councillors. The Town Council fully supports the B&NES Council Wards being entirely contained within the "Parish" boundary.
