Subject: Warwick District Council - proposed Milverton ward

Good Morning

I wanted to comment on the appropriateness of the title "Milverton" to apply at District level to a ward which will include not only the parish of Milverton (St Mark's) but also that of Lillington (St Mary Magdalene). Moreover "Lillington Village" does seem to have an identity in its own right, some of it being within the Conservation Area and which covers quite a wide area.

I understand the need to achieve coterminosity between County and District but also sympathise with the strong sense of pride that residents feel in their local area which sometimes includes a fondness of its name.

"Milverton & Lillington Village" is perhaps a more accurate description of the proposed new ward and which I would appreciate your consideration of.

Kind regards

Amanda Stevens
District & Town Councillor
Manor Ward
