To whom this may concern,
I believe that the number of South Ribble Borough councillors should be reduced to the number suggested by the Boundary Commission.
In this particular case, it does concern me that SRBC councillors serve a twofold role, both as Borough Councillors and members of Penwortham Town Council, creating what could be construed as political power blocks.
Councillors to Penwortham Town Council are elected according to party political affiliation unlike parish councilors in the Borough that do not have party political affiliation.
Yours' sincerely,
Susan Fox (Ms)
