My focus is north east Dartford.I would create a new ward of Ebbsfleet which is already contained within the existing Garden City boundary, w th the except on of Northfleet and the Bean triangle. This would reduce in size the wards of Greenh the and Swanscombe and could result in their loosing a councillor each, which could then be allocated to the Ebbsfleet Ward-one at the next election in 2019 and the second in 2023.
