Dear Ms Beasley

ELECTORAL REVIEW OF PETERBOROUGH

I am writing to formally announce the start of the electoral review of Peterborough City Council. Peterborough is being reviewed in order to improve the levels of electoral representation in the city, which have become imbalanced since the last review. Currently, the number of electors represented by councillors in 33% of the 24 wards varies by more than 10% from the average for the city and the councillors in Orton with Hampton represent 34% more electors than the city average.

A copy of the Commission's press release and posters advertising the start of the review are being sent to your Council. It would be much appreciated if you could publicise the start of the review by placing copies on display at local information points, and by taking such other steps as you consider appropriate to bring the review to the attention of the public and other interested parties.

Review timetable

The first stage of the review starts today, 24 September 2013. The Commission will initially consult on 60 councillors for Peterborough – we refer to this as council size. The closing date for submissions on council size is **11 November 2013**. Once we have considered all the representations we receive, we will take a provisional decision on council size.

It is intended that these conclusions will be publicised in January 2014 on our website at www.lgbce.org.uk, and be sent to your Council, to those organisations and individuals listed at the end of this letter, and to all those who submit representations during this stage. We will then begin a public consultation on the warding arrangements which we expect to run from 14 January 2014 to 1 April 2014.

Once the LGBCE has considered the representations, it will publish a report which will set out in detail a pattern of wards which the Commission will invite views on. We expect to publish this in July 2014. A twelve-week period of public consultation will follow this, during which time we would very much welcome your views on what is being proposed from your Council and all interested parties. Following this consultation period, the Commission will formulate the final recommendations; we expect to publish these in early 2015.

Please note that in the interests of transparency, copies of all representations we receive during this review will be placed on the Commission's website, at www.lgbce.org.uk

Guidance on how to have your say on council size is available in the consultation area <http://consultation.lgbce.org.uk>. Technical guidance can be found on the *Policy and publications* page of our website.

Parish electoral arrangements

The Commission will make recommendations on the number of councillors, the number and boundaries of wards, and the names of wards. It can also recommend changes to the electoral arrangements of parish and town councils i.e. the number, names and boundaries of parish wards, and the number of parish councillors for each parish ward. However, this is only in circumstances where the parished area is to be divided between wards. The Commission cannot, as part of this review, consider changes to the external boundaries of a parish, or create new parishes. Under the Local Government and Public Involvement in Health Act 2007, changes to external parish boundaries are the responsibility of local authorities.
