**Subject:** Freedom of information request

Dear Sir/Madam,

I would like to make a request under the freedom of information act 2000.

I would like to obtain full, itemised expenses claims for your chief executive and senior management team for the last three financial years. I would prefer to receive this in the form of an excel spreadsheet file if possible.

If time constraints make it challenging for you to provide information for the last three years I respectfully request that you focus on providing information for the current financial year. Similarly, if you are only able to release some of the information I would ask that you release this data rather than withhold the entire set.

If the decision is made to withhold some of this data using exemptions in the act, please inform me of that fact and cite the exemptions used.

Please discuss any problems with processing this request with me by phone or email before deciding to reject it outright. Similarly, if you require any more clarification do not hesitate to contact me.

Please can you confirm that you have received this request.

Yours sincerely,

[REDACTED]
