Dear Review Officer for LGBCE,

Re: Boundary changes and the creation of Thurmaston Ridgmere.

After receiving some information from one of our Parish Councillor's for our area, we are very disappointed according to your consultation criteria, that you did not inform or consult us directly about the changes proposed for my house to be part of Thurmaston Ridgmere.

As a resident of Syston, we disagree with your proposal of putting our house in this new ward and our property being added to the New electoral register of Thurmaston Ridgmere. The reasons are:

*We bought the house in Syston because we wanted to live in Syston and be part of Syston in every respect, i.e. The Syston Fosse or Syston Ridgeway. We want to stay in the Syston ward not Thurmaston.

*You are well aware that statistical data regarding the following: house prices, insurance, doctors surgeries, school choice etc. is based on the Electoral register. Putting us in Thurmaston Ridgmere ward will have fundamental affect on many of these services.

*You have not taken into account the big development of 5000 houses taking place at Thurmaston, which then will undermine your need for improvement for electoral equality in this division.

**Your sentence regarding 'This part of Syston being contiguous with and of similar character to the part of Thurmaston Parish.'* Is totally incorrect. We would like you to visit this part of Syston and find out for yourselves and not base you fact totally on statistical data.

*The Thurmaston Parish Council have written to your, clearly stating that they do not wish this part of Syston to be put into Thurmaston.

*Syston Parish Council in their recent Full council meeting have unanimously voted to support Thurmaston Parish Council and agree with the fact that the proposed part of Syston should stay in Syston and not Thurmaston.

We would like you to take the above into consideration and keep our house in Syston, where we have always lived in the Syston community.

Your sincerely,

Cllr M.H.Asmal and Cllr K.Asmal
