From Stapleford Parish Council

Stapleford Parish Council supports the retention of the Shelfords and Stapleford parishes together as they form a hub both geographically and with services such as schools, transport (train and bus), doctors surgery and the overall infrastructure. This is clearly articulated in the current discussions for the formulation of a neighbourhood plan for which purpose there have been public meetings and initial consultations. The initial planning encapsulates Great Shelford and Stapleford parishes, although there is continuing liaison with the parish of Little Shelford.

Stapleford PC supports the allocation of a minimum of two district councillors to serve this growing geographical area.
