Comment text:

Dear Local Government Boundary Commission For England thank you for reviewing South Lakeland District Councils boundaries and Councillor Numbers. As a member of the Conservative Group I would like to make the following submission. I would have preferred Single Member Wards but believe sadly you prefer to retain three member wards. I represent the Kirkby Lonsdale and Sedbergh Ward with 5307 constituents which is within the 5% recommended acceptance level and encompasses both the three member ward and is within the existing County Division Boundary. This arrangement though not perfect, works reasonably well and should be retained for the foreseeable future. Cllr Mel Mackie
