Dear Local Government Boundary Commission for England,

On 12th May 2015 you published Draft recommendations for Cambridgeshire County Council, which include in Appendix A estimated electorates for each proposed Electoral Division in 2020. Please release, for at least the divisions within Cambridge City, details of the calculations by which these estimates were produced.

Yours faithfully,

Dear [REDACTED],

Our ref: 05/15

Thank you for your email received on 2nd June 2015, requesting information under the Freedom of Information Act 2000.

You have requested:

'For at least the divisions within Cambridge City, details of the calculations by which these estimates were produced.'

The Commission does hold the information relevant to your request.

As part of an electoral review, the Commission requires, as prescribed in the Local Democracy, Economic Development and Construction Act 2009, the provision of a set of electorate forecasts covering five years from the scheduled publication of its final recommendations.

In the case of Cambridgeshire, the County Council provided the Commission with information on the electorate in 2014 and, because the Commission is scheduled to publish final recommendations for Cambridgeshire later this year, the forecast electorate for 2020. The County Council provided this data broken down to polling district level. The Commission used this data in formulating its draft recommendations.

The data provided by Cambridgeshire County Council was published on our website at the beginning of the consultation on division arrangements, and was for interested parties to use in generating division patterns.

We have provided you with the following information:

- Current and forecast electorate data for the existing divisions across all of Cambridgeshire County
- Current and forecast electorate data for the draft recommendation division pattern in Cambridge City (including calculations for split polling districts)

Other information regarding the Commission's review of Cambridgeshire is available on our website at <http://www.lgbce.org.uk>

If you have any further queries, please do not hesitate to contact me, quoting the reference number above in any correspondence.

If you wish to request a review of our decision, you should write to me at:

Sarah Vallotton
Business & Committee Services Manager
Local Boundary Commission for England
14th Floor
Millbank Tower
London
SW1P 4QP

If you are not content with the outcome of your review, you may apply directly to the Information Commissioner for a decision. Details of this procedure can be found on the ICO website: <http://www.ico.gov.uk>.

Generally, the ICO cannot make a decision unless you have exhausted the complaints procedure provided by the Local Government Boundary Commission for England.

Yours sincerely,

Using this sheet:

Fill in the cells for each polling district. Please make sure that the names of each parish, parish ward, district ward and county division are correct and consistent. Check your data in the cells to the right.

Scroll right to see the second table

What is the polling district code?	Is there any other description you use for this area?	Is this polling district contained in a parish? If not, leave this cell blank.	Which district ward is this polling district in? This column is not essential, but may help you.	Which county division is this polling district in? This column is not essential, but may help you.	What is the current electorate?	What is the forecast electorate?
