**Subject:** Bexley Ward boundary proposals Slade Green area

Dear Sirs

I would like to confirm that as a resident of 44 years the whole area you describe as Northend and Slade Green has always been known to me as Slade Green , both sides of the railway line.

A lottery grant was awarded as Slade Green Big Local to cover the whole area.  
The Slade Green Forum has been in existence for a lot of years - also in the whole of the area both sides of the railway line.

I wish to ensure that the ward stays unified as Slade Green.

Also the railway sidings have always been in Slade Green there is no other entrance than off Forest Road Slade Green, so I wish this to stay in the boundary as it was know for perhaps 100 years as the Slade Green 'sheds' or engineering works.

Yours faithfully

Mrs M J White
