Dear Sir Howard,

ELECTORAL REVIEW OF MANCHESTER: DRAFT RECOMMENDATIONS

The Local Government Boundary Commission for England has opened a public consultation on its draft recommendations for new electoral arrangements for Manchester City Council.

The consultation opens today (29 November 2016) and closes on 23 January 2017.

The draft recommendations propose that 96 city councillors should be elected to Manchester City Council in future. The recommendations also propose new electoral ward boundaries across the city.

Once the Commission has considered all the responses to the consultation, we aim to publish final recommendations in April 2017. We will then lay a draft order in both Houses of Parliament under the negative resolution procedure. Subject to parliamentary scrutiny, the new electoral arrangements are scheduled to come into effect at the city elections in 2018.

Manchester City Council currently holds elections by thirds. Where a council elects by thirds, Schedule 2 to the *Local Democracy, Economic Development and Construction Act 2009* provides that the Commission should have regard to the desirability of recommending that each ward returns three councillors, subject to its other statutory criteria of achieving electoral equality, reflecting community identity and providing for effective and convenient local government. This reflects Parliament's view that each elector in a local authority should have the same opportunity to vote in local elections, irrespective of that authority's cycle of elections.

All information relating to the draft recommendations is available on our website. The Commission's report on its draft recommendations can also be found at: <http://www.lgbce.org.uk>. In addition, hard copies of the report and accompanying map will be dispatched to the council shortly.

Interactive maps of the proposals are also posted on the Commission's consultation portal at: <https://consultation.lgbce.org.uk>. The portal also allows visitors to submit comments and alternative proposals.

Publicising the consultation

The Commission will shortly dispatch hard copies of the recommendations to the council for distribution to local information points. In the meantime, I would be grateful if you could bring the consultation to the attention of elected members.

We have also provided information on the draft recommendations directly to local councils and community organisations as well as notifying local press and media.

I would be grateful if you could also take steps to bring the consultation to the attention of the public and interested parties. Please include details of the consultation:

- On your website;
- Promote the consultation through social media and;
- Use any other channels you would normally employ to engage residents in local consultations (newsletters, press releases, publications etc.).

The Commission would be happy to provide information and/or copy to help you promote the consultation locally.

Draft recommendations

The Commission considered all the submissions it received in the previous stages of the review before drawing up the draft recommendations.

We have sought to balance the criteria we must follow when drawing up recommendations, namely:

- To deliver electoral equality where each city councillor represents roughly the same number of electors as others across the city.
- That the pattern of wards should, as far as possible, reflect the interests and identities of local communities.
- That the electoral arrangements should provide for effective and convenient local government.

The Commission will consider all representations made on the draft recommendations and has an open mind about amending the scheme if an alternative pattern of wards would better meet the statutory criteria above. It is also important for respondents to the consultation to indicate where and why they support the draft recommendations.

Further information on drawing up a pattern of electoral wards and putting forward alternative proposals is available in our guidance document: *Electoral reviews: technical guidance* which can be found at:

www.lgbce.org.uk/data/assets/pdf_file/0006/10410/technical-guidance-2014.pdf .

We also publish a practical guide for putting forward submissions called *How to propose a pattern of wards* which is available at:

http://www.lgbce.org.uk/data/assets/pdf_file/0008/25694/Proposing-new-wards-guidance-2015-08-04.pdf.

Our website includes information about previous electoral reviews of city councils where you can see how the Commission came to its conclusions and how other counties, districts and parishes responded to consultations on draft recommendations.

As ever, please feel free to contact us if you have any questions about the consultation.
