

### **Bexley Ward Boundary Changes proposal**

Re the proposed boundary changes, I am in agreement with most of the ideas put forward.

**Thamesmead East:-** 3 Councillors. Agree to changes.

**Lower Belvedere:-** Should retain the name - Belvedere, as at present and should include 'Belvedere Village,' especially as the boundary has been expanded. There should be 3 councillors. I cannot see any valid reason why the 'village' should be treated separately from the rest of the Ward.

**Erith and Slade Green:-** Agree with the incorporation of the current 'North End' Ward into a single Ward. Physically it will be quite a large area and I am not sure if only 2 councillors will suffice.

**Northumberland Heath:-** 3 councillors. Agree to changes.

**Bostall:-** 3 councillors. Agree to changes.

**Barnhurst and North End:-** 3 councillors. Agree to changes.

**Christchurch:-** 3 councillors. Agree to changes.

**Brampton:-** 2 councillors. I recommend that instead of a strange boundary jutting into the 'East Wickham' Ward, it would be more sensible to have the boundary along Gypsy Road to Oakhampton Crescent and down Long Lane.

**East Wickham:-** 3 councillors. Extending the boundary to include the area of Farnham Road which would no longer be part of Brampton Ward.

**Falconwood and Welling:-** 3 councillors. Agree to changes.

**Crook Log:-** 1 councillor. Suggest the name be changed to 'Red House' Ward to highlight its significance. Otherwise agree to changes.

**Crayford:-** 3 councillors. Agree to changes.

**Blackfen and Lamorby:-** 3 councillors. Agree to changes.

**Blenden & Penhill:-** 3 councillors. Agree to changes,

**Longlands:-** 2 councillors. Agree to changes.

**Sidcup;-** 3 councillors. Agree to changes.

**St. Mary's & St. James.** 2 councillors. Agree to changes.

In a Ward where there is only a single councillor, presumably a nominated councillor from an adjoining Ward and same political party would provide cover in case of sickness, holiday etc.

Submitted.
