Comment text:

I am a resident of New Addington and Chair of New Addington Royal British Legion as well as being a member of New Addington Pathfinders, and I submit my views in a positive position of what, I believe, is in the best interests of the Community. New Addington - the division between New Addington and Fieldway Wards (now proposed to be New Addington North and South Wards) has never made any sense in that the divide should clearly have been King Henry's Drive. To detach Wolsey Crescent from the bulk of 'Boot's Estate' which dissected the pre War, original, Garden Village does not meet the Boundary Commission aim of clear defined Wards. By making King Henry's Drive the Ward boundary, the separation of New Addington North and South obvious, consistent and meets the recommended criteria.
