Dear Sir or Madam,

I am Chairman of Cossall Council in North West Nottinghamshire, we are a small village and I have just found out about the possible realignment of the parish boundaries electorally so that Borough councilors represent constituents equally, it is feared that eventually the electoral Boundary changes, of Newton's lane and the rest of the Glebe are transferred into Awsworth the village next to us, we will be unable to do the job we are elected to do, if the changes (which I have only just heard about) of the village is to be moved out from the area they are in, and into Awsworth, the next village to us, it will mean that the movement of around 100 houses out of Cossall with a boundary change will take out just under half the revenue out of Cossall's precept, and the council would not be able to function correctly. It is the thoughts of the Cossall parish council and myself, why have we not been informed of this change before now?.

Bryan Maloney (Chairman).
