Comment text:

I don't believe it is appropriate to add the Mordens to the Gamlingay ward. The B1042 is a natural barrier and we have no links what so ever with the villages of the Mordens. Im a member of the Parish Council of Croydon, our school is in Orwell and we have natural links with the villages that the school serves. So Wimpole, Orwell & Tadlow are a better fit than the Mordens. I also think this ward is geographically unwieldy and as an elongated shape will be difficult to cover by Councillors. I think the Mordens are a better fit with Bassingbourne who are local to each other.
