 Organisation Name: Holme Parish Council

Feature Annotations

Map Features:

Annotation 1: Holme village

Comment text:

The current ward for Holme is Stilton - this is a rural area where distances are often 5 miles between villages. The new proposals show a ward which is 3 times as large geographically, although relatively sparsely populated. Many small Parish Councils exist in the area and it will not be humanly possible for our 2 future Councillors to attend all meetings. This will not be helpful to local government representation and process and will increase Councillors' travel time and expenses. Our current Councillor works full time and is managing well so far but a bigger area will only make this voluntary job more difficult. As it is important to have younger, working Councillors (not just retirees) as Councillors their job should be made easier not more difficult! The current ward is the right size.
