Dear Sirs

Littledean Parish Council objects to the proposed boundary review in relation to Littledean and Popes Hill, The Parish Council feel very strongly that Popes Hill should remain within the same ward as Littledean and not be moved to a ward with Westbury on Severn.

The Parish Council feels that this is important to maintain the links already in place between the two villages and for ease of communication. Concern was raised that issues arising in Popes Hill will be reported to Littledean Parish Council as being in that Parish Boundary but cannot then be dealt with by the District representative of Littledean Ward but by the District representative for Westbury Ward which makes no sense at all.

Yours faithfully

Vicky Roberts
Clerk
