

**Councillor Graham Marsh
Deputy Leader, East Lindsey DC**

January 2016

Dear Sir,

Lincolnshire County Council Boundary Review

Consequent upon the recent publication of the LGBCE draft proposals for Lincolnshire County Council, we are submitting a further and alternative set of proposals for your consideration, this time on behalf of **East Lindsey District Council Majority Group**, together with a map:

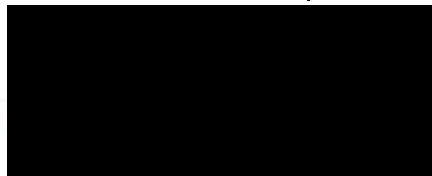

We agree with some of the principles enunciated in the initial proposals but are concerned by the large numerical differences. Our numerical balance still ranges on both sides of the median but less so than the Commission's proposals and we do not divide the two parishes of **Mareham-le-Fen** and **Revesby** in half. We are also concerned about the transfer of **Spilsby** into a division which is inappropriate on community grounds.

As your draft proposals demonstrated, there are considerable numerical, geographical and community difficulties in certain areas, notably **Skegness** and **Mablethorpe**.

We believe that our alternative suggestions address these problems more sensibly and logically, not least by making **Skegness** a **two-member division** - a proposal that has been employed by the Commission in some other counties and well-received. This maintains a large coastal conurbation in its own right. So, too, with most of **Mablethorpe**.

We hope that you will give them your detailed consideration. Please acknowledge receipt.

Yours faithfully,

LGBCE,
