PROPOSALS FOR THE FUTURE ELECTORAL ARRANGEMENTS FOR THE COUNTY OF ISLE OF WIGHT

1. The last Order under Section 51 of the Local Government Act 1972 in relation to electoral arrangements for districts in the county of Isle of Wight was made on 10 October 1976. As required by Section 63 and Schedule 9 of the Act we have now reviewed the electoral arrangements for that county, using the procedures we had set out in our Report No.6.
2. We informed the Isle of Wight County Council in a consultation letter dated 1 December 1976 that we proposed to conduct the review, and sent copies of the letter to all local authorities and parish meetings in the county, to the MP representing the constituency concerned, to the headquarters of the main political parties and to the editors both of local papers circulating in the county and of the local government press. Notices in the local press announced the start of the review and invited comments from members of the public and from interested bodies.
3. On 16 December 1977 the County Council submitted to us a draft scheme in which they suggested 43 electoral divisions for the county, each returning one member in accordance with Section 6(2) (a) of the Act.
4. We considered this scheme together with the views expressed by local interests. On 17 August 1979 we issued draft proposals which we sent to all those who had received our consultation letter, or commented on the county council's draft scheme. Notices were inserted in the local press announcing that the draft proposals had been issued and could be inspected at the County Council's offices.
5. We based our draft proposals on the County Council's draft scheme, though we made certain modifications to reflect social and geographical links and to achieve consistency in the naming of divisions. Some of these modifications were derived from local comments made about the county scheme.
6. The modifications we made were as follows:-
 - (a) Medina Borough.
We noted that in the draft scheme the names for the four Ryde divisions did not follow a consistent pattern. We decided that the divisions should be named Ryde South East, Ryde North East, Ryde South West, and Ryde North West.

(b) South Wight Borough

We adopted the name Sandown Lake for the Sandown West division in the light of comments of a local ratepayers' and residents' association. In order to meet local wishes, we also adopted the 3 original divisions for the parish of Ventnor which had been put forward by the County Council during their initial consultation period but subsequently had been abandoned in favour of the 3 divisions contained in the draft scheme. This modification was dependent on the making of an Order by the South Wight Borough Council for the parish of Ventnor to provide for parish wards consistent with our draft proposals.

7. We received comments in response to our draft proposals from the County Council, one District Council, one county councillor, one district councillor and one ratepayers' and residents' association. A list of those who wrote to us is given at Appendix 1 to this Report.

8. The comments we received can be summarised as follows:

(a) Medina Borough

Medina Borough Council submitted no observations on our draft proposals. The County Council, the ratepayers' and residents' association and the county councillor suggested an adjustment in the boundary between the Northwood and Gurnard divisions so as to include properties on both sides of Pallance Road, within Northwood division. Additionally the County Council and the district councillor made a similar suggestion for an adjustment to the boundary between the Parkhurst and Carisbrooke West divisions so as to include properties on both sides of Gunville Road within Carisbrooke West division. The County Council also suggested that Park Road, Station Road and the Park View area should be transferred from Fairlee division to Wootton division. This suggestion was supported by a petition, bearing the signatures of 57 local residents.

(b) South Wight Borough

The County Council and South Wight Borough Council suggested that part of the boundary between the Sandown South and Sandown Lake divisions should be amended so as to follow the railway line, and that the two divisions in Freshwater parish should be renamed Freshwater Afton and Freshwater Norton.

9. We reassessed our draft proposals in the light of the comments which we had received and decided as follows:-

(a) Medina Borough

None of the boundary amendments suggested by the County Council in the Medina district had any appreciable effect on the balance of representation and we decided to modify our draft proposals to take account of them.

(b) South Wight Borough

We noted that the suggested amendment to the boundary between Sandown South and Sandown Lake divisions would not produce as satisfactory a standard of representation as that achieved by our draft proposals. It was clear, however, that the alternative boundary both followed a better line and avoided the division of an established community. We concluded that it would be desirable in the interests of effective and convenient local government to adopt that alternative boundary. We agreed that the two divisions in the parish of Freshwater should be renamed Freshwater Afton and Freshwater Norton.

10. As noted in paragraph 6(b) above, the adoption of the three divisions for the parish of Ventnor was dependent upon the making of an Order by the South Wight Borough Council to provide for parish wards which reflected the intentions of our draft proposals. We invited the Borough Council to make the necessary Order. They informed us however on 17 March 1980 that the Ventnor Town Council had certain alternative proposals in mind and regarded the establishment of a separate parish council for Wroxall, following the parish review currently being carried out by the Borough Council, as a prerequisite for the creation of new county electoral divisions. The Borough Council in the circumstances felt unable to proceed with the Order.

11. To obviate further delay which might adversely affect the implementation of revised electoral arrangements in the county as a whole for the 1981 elections, we decided to revert to the three Ventnor divisions which had been suggested originally by the County Council in their draft scheme and which were based on existing parish wards.

12. We are, however, conscious that our draft proposals for this area achieved a more even standard of electoral representation. If, as we would hope might be the case, the Borough Council should decide to re-ward the parish of Ventnor in line with the arrangements set out in our draft proposals, the Order could then be made with the appropriate modification.

13. Subject to the modifications referred to in paragraphs 9 and 11 above, we have decided to confirm our draft proposals as our final proposals.

14. Details of the final proposals are set out in Schedules 1 and 2 to this report and on the attached map. Schedule 1 gives the names of the electoral divisions. A detailed description of the boundaries of the proposed electoral divisions, as defined on the map, is set out in Schedule 2.

PUBLICATION

15. In accordance with Section 60(5)(b) of the Local Government Act 1972, a copy of the report and a copy of the map are being sent to the Isle of Wight County Council and will be available for inspection at the Council's main offices. Copies of this report (without map) are being sent to those who received the consultation letter and those who made comments.
