LOCAL GOVERNMENT BOUNDARY COMMISSION FOR ENGLAND

CHAIRMAN

Sir Nicholas Morrison KCB

DEPUTY CHAIRMAN

Mr J M Rankin QC

MEMBERS

Lady Bowden

Mr J T Brockbank

Mr R R Thornton CBE DL

Mr D P Harrison

Professor G E Cherry

To the Rt Hon William Whitelaw, CH MC MP
Secretary of State for the Home Department

PROPOSALS FOR THE FUTURE ELECTORAL ARRANGEMENTS FOR THE COUNTY OF LINCOLNSHIRE

1. The last Order under Section 51 of the Local Government Act 1972 in relation to electoral arrangements for districts in the county of Lincolnshire was made on 6 November 1979. As required by Section 63 and Schedule 9 of the Act we have now reviewed the electoral arrangements for that county, using the procedures we had set out in our Report No 6.
2. We informed the Lincolnshire County Council in a consultation letter dated 20 November 1979 that we proposed to conduct the review, and sent copies of the letter to all local authorities and parish meetings in the county, to the MPs representing the constituencies concerned, to the headquarters of the main political parties and to the editors both of local newspapers circulating in the county and of the local government press. Notices in the local press announced the start of the review and invited comments from members of the public and from interested bodies.
3. On 16 January 1980 the County Council submitted to us a draft scheme in which they suggested 75 electoral divisions for the county, each returning one member in accordance with Section 6(2)(a) of the Act.
4. We considered this scheme together with the views expressed by local interests. On 24 April 1980 we issued draft proposals which we sent to all those who had received our consultation letter, or commented on the County Council's draft scheme. Notices were inserted in the local press announcing that the draft proposals had been issued and could be inspected at the County Council's offices.
5. We based our draft proposals on the County Council's draft scheme, though we made certain modifications designed to improve the balance between divisions or districts. Several of these modifications were derived from local comments made about the draft scheme.

6. The modifications we made were as follows:

(a) Boston Borough

We replaced the 7 electoral divisions proposed by the County Council in their draft scheme by the 7 division arrangement which the County Council had considered at one stage (with division names as assigned by ourselves), but modified so as to transfer the Hillydyke parish ward of Fishtoft district ward from Wyberton electoral division to Coastal electoral division.

(b) East Lindsey District

We made adjustments to 5 of the electoral divisions proposed by the County Council to produce a pattern of electoral divisions fully compatible with the new district wards.

(c) North Kesteven District

We made a modification to the boundary between the County Council's proposed Bassingham Rural and Cliff divisions. We appreciated however, that this modification did not meet the objections of some parish councils and therefore invited the County Council to consider whether there was any means of doing this by an adjustment to our draft proposals.

(d) South Kesteven District

We thought that an additional division was warranted in this district and replaced the 13 divisions proposed by the County Council by 14 divisions formed by the re-arrangement of the wards in the district. We renamed the County Council's proposed Stamford East division Stamford North.

(e) West Lindsey District

We omitted the prefix 'Rural' from the County Council's proposed division names of 'Market Rasen', 'Stow' and 'Welton' and 'District' from their proposed 'Caistor' division.

(f) Division names generally

To simplify the names we omitted district prefixes to division names wherever possible throughout the draft proposals.

7. We received comments in response to our draft proposals from the County Council, five district councils, sixteen parish councils, one local political organisation and two individuals. A list of those who wrote to us is given at Appendix 1 to this Report.

8. Lincolnshire County Council supported our draft proposals for four districts, subject to certain suggestions about names. They put forward suggestions for alternative arrangements, as well as some different division names, in respect of the other three.

9. The comments we received can be summarised as follows:-

(a) Boston Borough

Lincolnshire County Council preferred their own draft scheme to our draft proposals and also put forward alternative names for 5 divisions. Boston Borough Council have expressed a preference for the County Council's draft scheme arrangements. Fishtoft Parish Council objected to the inclusion of the Hilldyke parish ward in the Coastal electoral division. Kirton Parish Council thought that Holland Fen district ward should not be included in the Fenside electoral division. Algarkirk Parish Council, Fosdyke Parish Council, Sutterton Parish Council and Wigtoft Parish Council suggested an alternative name for the Kirton electoral division. An individual suggested alternative names for all the divisions in the borough.

(b) East Lindsey District

East Lindsey District Council wrote in support of our draft proposals. Lincolnshire County Council put forward alternative names for the electoral divisions of Chapel St Leonards and Tattershall. Coningsby Parish Council also suggested an alternative name for the Tattershall electoral division. Tetney Parish Council expressed concern at the geographical size of the Louth Rural North electoral division. An individual suggested the transfer of Edlington parish from the Woodhall Spa and Wragby electoral division to the Horncastle and Tetford division.

(c) Lincoln City

Lincolnshire County Council requested that the 'Lincoln' prefix be added to the division names of Abbey, Castle, Moorland and Park.

(d) North Kesteven District

In the light of local representations, which they received, Lincolnshire County Council put forward an alternative arrangement for the electoral divisions of Branston and Metheringham, Cliff, and North East Kesteven. Branston and Mere Parish Council, Canwick Local Council, Heighington Parish Council and Washingborough Parish Council all expressed support for the County Council's alternative arrangements for these three electoral divisions. North Kesteven District Council expressed support for their own alternative scheme for the district. Waddington Parish gave their full support to the Cliff electoral division included in our draft proposals.

(e) South Holland District

Lincolnshire County Council put forward alternative names for the four Spalding electoral divisions. Cowbit Parish Council disagreed with the combination of district wards which made up Spalding East electoral division.

(f) South Kesteven District

South Kesteven District Council accepted the draft proposals. Lincolnshire County Council supported our proposals subject to the inclusion of the parishes of Uffington and Tallington in our proposed Stamford North division on the grounds that the transfer would serve to balance numerically the 2 divisions of Stamford and reduce the size of the proposed Grimsthorpe division; they also put forward alternative names for the Bourne East and Bourne West electoral divisions. Market Deeping Parish Council objected to the combination of Market and West Deeping, and Deeping St James district wards to form a single electoral division. Rutland and Stamford Constituency Labour Party reiterated earlier views disagreeing with the electoral divisions in the South Grantham area.

(g) West Lindsey District

Lincolnshire County Council put forward alternative names for the electoral divisions of Caistor, Market Rasen, Stow and Welton. West Lindsey District Council reiterated their objection to the splitting of Witham district ward. They wished to see Sudbrooke parish transferred from the Welton electoral division to the Bardney and Cherry Willingham division. Stow Parish Council and Burial Authority supported the use of the name of Stow for the electoral division in which the parish was comprised.

10. When we came to reassess our draft proposals we took account of all the comments we had received and came to the following conclusions:-

(a) Boston Borough

We gave careful consideration to the views expressed by the County Council and Boston Borough Council that we should revert to the arrangements in the County Council's draft scheme on grounds of local wishes. We re-examined the draft scheme arrangements and found the balance between the divisions of the Borough particularly uneven, with three of the seven having electorate totals which deviated more than 20% from the county average. Our draft proposals offered a much more even standard of representation and despite the local support for the County Council's draft scheme, we decided in view of the provisions of Schedule 11 of the Local Government Act 1972, that on balance it would be right for us to confirm them. We considered Fishtoft Parish Council's suggested adjustment to our Wyberton and Coastal divisions, but we saw no sufficient justification for accepting this, particularly in view of the more unequal standard of representation between the two divisions which it would have produced. We also decided not to adopt Kirton Parish Council's suggested adjustment to our Fenside division because it involved the transfer of a district ward and no indication was given where this ward should be transferred to. We decided to accept the alternative name of Boston Rural South for our proposed Kirton division in the light of comments which we received including those from four of the parish councils in the division. We felt that there was insufficient justification for accepting the other alternative names for divisions put forward by an individual.

(b) East Lindsey District

We decided to adopt the alternative names put forward by the County Council for our divisions of Chapel St Leonards and Tattershall. We considered that the alternative name for our Tattershall division put forward by Coningsby Parish Council offered no advantage over the County Council's suggested name of Tattershall Castle. We considered the comment made by Tetney Parish Council regarding the size of our Louth Rural North electoral division and the objection raised by an individual to the inclusion of Edlington parish in our proposed

Woodhall Spa and Wharfedale division. We saw no sufficient justification for making changes to our draft proposals particularly in view of the support which our proposals had received from both the County Council and East Lindsey District Council.

(c) Lincoln City

We decided to accept the County Council's request to add the 'Lincoln' prefix to the division names of Abbey, Castle, Moorland and Park.

(d) North Kesteven District

When formulating our draft proposals we had to choose between two schemes for this district - the County Council's draft scheme and the alternative put forward by the District Council. We decided to adopt the County Council's scheme with one or two adjustments on the grounds that it appeared to reflect local wishes better than the District Council's alternative. We appreciated however, that these arrangements did not meet the objections of some parish councils and therefore invited the County Council to consider whether there was any means of doing this by an adjustment to our draft proposals. In response to this invitation, and in the light of representations they had received, the County Council put forward alternative arrangements for 3 divisions. These had the support of the parish/local councils concerned. We therefore decided in the interests of effective and convenient local government to accept these alternative arrangements for 3 divisions put forward by the County Council which provided an acceptable standard of representation.

(e) South Holland District

We considered Cowbit Parish Council's request to be included in our Spalding South rather than our Spalding East division but decided that as our draft proposals for these divisions had been accepted by the County Council and there had not been any other objections we should confirm our draft proposals.

We accepted the County Council's alternative names of Spalding East and Weston, Spalding North West, West Elloe and Spalding Abbey divisions in place of our Spalding East, Spalding North, Spalding Rural West and Spalding South divisions respectively.

(f) South Eastern District

Before the formulation of our draft proposals Uffington Parish Council had asked to be included in the rural Grimsthorpe division. We had accepted this request in our draft proposals. We were not convinced by the County Council's subsequent arguments for transferring the parishes of Uffington and Tallington into our Stamford North electoral division and therefore decided to adhere to our draft proposals in this respect. We accepted the County Council's alternative names of Bourne Abbey and Bourne Castle in place of our Bourne East and Bourne West respectively. We decided that we could not adopt Market Deeping Parish Council's suggestion that the district wards of Deeping St James and Market Deeping and West should each form an electoral division, on the grounds the electorate in each division would be unacceptably smaller than the average for the County. We also decided that the proposals put forward by Rutland and Stamford Constituency Labour Party offered no improvement on our draft proposals for the Grantisham area.

(g) West Lindsey District

The County Council in their draft scheme included Sudbrooke Parish in the Welton division at the request of Sudbrooke Parish Council and the local councillor (Cllr R Johnson). When formulating our draft proposals we considered this issue and decided to adopt the County Council's arrangement. West Lindsey District Council in response to our draft proposals requested that Sudbrooke parish be transferred to the Bardney and Cherry Willingham electoral division. In view of the comments which we considered at draft proposal stage and also in the light of the support for our arrangement expressed by the County Council, we decided not to modify our draft proposals as suggested by the District Council. Having considered the various suggestions made regarding alternative names we decided on balance to accept those put forward by the County Council.

11. In the light of these conclusions we decided to confirm our draft proposals as our final proposals subject to the modification to the proposals for North Kesteven District described in paragraph 10(d) above and the following changes in the names of divisions:-

- (a) Boston Borough - Kirton division to become Boston Rural South.
- (b) East Lindsey District - Chapel St. Leonards and Tattershall divisions to become Alford Coast and Tattershall Castle respectively.
- (c) Lincoln City - add the prefix 'Lincoln' to the Abbey, Castle, Moorland and Park divisions.
- (d) South Holland District - Spalding East, Spalding North, Spalding Rural West and Spalding South divisions to become Spalding East and Weston, Spalding North West, West Elloe and Spalding Abbey respectively.
- (e) South Kesteven District - Bourne East and Bourne West divisions to become Bourne Abbey and Bourne Castle respectively.
- (f) West Lindsey District - Caistor, Market Rasen, Stow and Welton divisions to become North Wolds, Rasen Wolds, Gainsborough Rural South and Caenby respectively.

12. Details of these final proposals are set out in Schedules 1 and 2 to this report and on the attached map. Schedule 1 gives the names of the electoral divisions. A detailed description of the boundaries of the proposed electoral divisions, as defined on the map, is set out in Schedule 2.

PUBLICATION

13. In accordance with Section 60(5)(b) of the Local Government Act 1972, a copy of this report and a copy of the map are being sent to Lincolnshire County Council and will be available for inspection at the Council's main offices. Copies of this

report (without map) are being sent to those who received the consultation letter and to those who made comments.
