Comment text:

I am currently a Councillor in the Heathfield Ward of Croydon. I live on the Forestdale Estate and do a lot of community work on the Monks Hill Estate, residents I work with on both estates would consider their district center to be Selsdon, this is where residents do their shopping and social activities. Residents from both estates attend both Selsdon Baptist Church, Croydon Jubilee, St Columba or St John's all within the Selsdon Area. The 356 bus that serves the Monks Hill area runs from Addington Village Interchange through to Selsdon and then onto Purley Station. I run a charity called Selsdon Contact that provides services to vulnerable residents living in the Selsdon, Monks Hill and Forestdale area. It would make no sense in a ward review to cut residents from Forestdale or Monks Hill off from the Selsdon area.
