Subject: number of councillors for the Broxtowe area

Dear all

Noted that this was a chance to have my 'say', so I say 44 councillors is way too many.

Having said that, sadly, I'm sure there will be more in the future.

Another suggestion - why don't they twin us with another country, perhaps in France? Another opportunity to waste more money but will no doubt give someone a lovely holiday.

Many thanks,

A local resident.
