### Comment text:

We support the Hatley Parish Council view previously expressed to the Local Government Boundary Commission. We would prefer East Hatley to remain within the same ward as Gamlingay. There are no amenities in East Hatley other than a Post Office, and Gamlingay offers many essential amenities within a distance of just two miles, such as food stores, pharmacy, GP surgery, pubs, churches, Eco-Hub Community Centre, that we use regularly. Other amenities are located some miles away from East Hatley at Gransden, Royston or St Neots. Gamlingay is the first place we go to for local trades such as boiler/heating repairs, electrician, gardening services, etc.
