Comment text:

Selsdon Residents Association which was 90 years old this year have looked at the map and feel very concerned to learn we are to potentially lose a councillor. To overcome this we are supporting our present councillors proposition to form 2 wards which would include Monks Hill , Forestdale and Addington Village as they have strong links with Selsdon via bus routes and shopping areas. We feel this would work well. From the proposed boundary map it is unclear whether the west side of Upper Selsdon road would be included. If it is not then we feel it is vital that St Johns Church (on the west side) be included as it is the main parish church for Selsdon whatever the outcome of the review.
