**Organisation Name:**

### Comment text:

I am surprised to hear that the boundaries of Whalley Range ward in Manchester might be redrawn again, and dismayed to learn that the ward might disappear altogether. My family have lived in Whalley Range since 1986, our sons have grown up here and we identify very strongly with the ward, the community and many of the organisations based here. The ward has a distinct identity in spite of some obvious historic parts of Whalley Range being hived off to Fallowfield. I strongly oppose any proposal to reduce Whalley Range in size.
