### Comment text:

We live on the north side of Sandyhurst Lane. Sandyhurst lane is a rural lane on the northernmost boundary of Ashford and we very much want the rural nature of the lane to be protected. We are not happy about being included in Goat leas, an urban area. There is a serious risk that our needs and wishes will not be understood by an urban area and will be over-ridden. The needs of the two areas are very different. The whole of Sandyhurst Lane should be included together and acknowledged as a rural area.
