Electoral Ward Boundary’s – Ryston, Hertfordshire

Dear Sir,

Having seen the proposed changes to ward boundaries in Ryston, I have to write to oppose any such change. The changes are not justified by any significant resident numbers, and to move small residential areas from one side of the main road network into a ward on the other side of the road is chaotic and muddling for all concerned.

This would appear to be change for change sake. It is unnecessary and I would ask that you review these proposals again, and at this time leave well alone.

Yours faithfully
