Mr D P Harrison

Professor G E Cherry

To the Rt Hon William Whitelaw, CH MC MP
Secretary of State for the Home Department

PROPOSALS FOR THE FUTURE ELECTORAL ARRANGEMENTS FOR THE COUNTY OF CHESHIRE

1. The last Order under Section 51 of the Local Government Act 1972 in relation to the electoral arrangements for the districts in the County of Cheshire was made on 28 September 1978. As required by Section 63 and Schedule 9 of the Act we have now reviewed the electoral arrangements for that county, using the procedures we had set out in our Report No 6.
2. We informed the Cheshire County Council in a consultation letter dated 12 January 1979 that we proposed to conduct the review, and sent copies of the letter to the district councils, parish councils and parish meetings in the county, to the Members of Parliament representing the constituencies concerned, to the headquarters of the main political parties and to the editors both of local newspapers circulating in the county and of the local government press. Notices in the local press announced the start of the review and invited comments from members of the public and from interested bodies.
3. On 1 August 1979 the County Council submitted to us a draft scheme in which they suggested 71 electoral divisions for the County, each returning one member in accordance with Section 6(2)(a) of the Act.
4. We considered this scheme together with the views expressed by local interests. On 20 February 1980 we issued draft proposals which we sent to all those who had received our consultation letter, or commented on the County Council's draft scheme. Notices were inserted in the local press announcing that the draft proposals had been issued and could be inspected at the County Council's offices.
5. We incorporated in our draft proposals a number of modifications to the County Council's draft scheme based on comments made about the county scheme.

6. The modifications we made were as follows:-

(a) City of Chester

We adopted the City Council's suggested transfer of the Newton district ward from the proposed Hoole and Newton division to the proposed Upton division; the transfer of the parish of Guilden Sutton from the proposed Mickle Trafford division to the proposed Gowy division; and the transfer of the Dodleston district ward from the proposed Broxton division to the proposed Boughton and Vicars Cross division.

(b) Borough of Ellesmere Port and Neston

We adopted the Borough Council's suggested rearrangement of the proposed Sutton and Grange, Rivacre and Westminster, and Central and Stanlow division as follows:-

- (i) the Sutton, Pooltown and Rivacre district wards to form a Sutton and Rivacre division;
- (ii) the Grange and Rossmore district wards and polling district NC of the Westminster district ward to form a Grange and Rossmore division; and
- (iii) the Central, Wolverham and Stanlow district wards and polling districts NA and NB of the Westminster district ward to form a Central and Westminster division.

(c) Vale Royal District

We adopted Northwich Constituency Labour Party's suggested rearrangement of all the proposed divisions in the district apart from Helsby and Frodsham.

(d) Borough of Warrington

We adopted the Borough Council's suggested renaming of the proposed Two Crosses and Risley divisions as Penketh and Whitecross division and Birchwood divisions respectively.

We also adopted Winwick Parish Council's suggested rearrangement of the constituent parts of the proposed Poulton North and Winwick, Poulton South and Woolston, and Culcheth and Holcroft divisions to form the following three divisions:-

- (i) the Culcheth and Holcroft division comprising the Winwick and Culcheth and Glazebury district wards and the Southworth ward of Croft parish;
- (ii) the Poulton North division comprising the Poulton-with-Fearnhead North district ward; and
- (iii) the Poulton South and Woolston division comprising the Poulton-with-Fearnhead South district ward; and the parishes of Rixton and Woolston.

7. We received comments in response to our draft proposals from the Cheshire County Council, 5 Borough Councils, one District Council, 22 Parish Councils, 3 Parish Meetings, one Member of Parliament, ten local councillors, the County Labour Party, 16 local Labour parties, 8 local Conservative associations, one local Liberal party, one residents' association and 19 private individuals. A full list of those who wrote to us is given at Appendix 1 to this report.

8. The comments we received can be summarised as follows:

(a) General

The Cheshire County Council generally welcomed and endorsed our draft proposals but urged us to reconsider the proposals for the Vale Royal District. They supported Vale Royal District Council, who urged us to go back to the boundaries in the draft scheme for their district. The County Council also advocated the re-naming of the Culcheth and Holcroft Division in the district of Warrington as Culcheth and Southworth in view of the relocation of the Holcroft area in the division as a result of the Commission's draft proposals. The County Labour Party expressed their 'general support' for the draft proposals.

(b) City of Chester

Guilden Sutton Parish Council supported the draft proposals whilst the Chester District and Constituency Labour parties both objected to the inclusion of the Dodleston district ward in the proposed Boughton and Vicars Cross division and wished it to be transferred back to the proposed Broxton division.

(c) Borough of Congleton

Congleton Borough Council, Brereton Parish Council, and Knutsford Constituency Conservative Association on behalf of Brereton Conservative Association, all objected to the proposed Middlewich and Brereton division on the grounds that the two areas had nothing in common. Congleton Conservative and Unionist Association objected to the splitting of Congleton into three mixed urban and rural divisions, namely, Congleton and Buglawton; Hulme, and Moreton. They proposed two alternative divisions from the urban wards but did not make proposals for the remaining parishes. Holmes Chapel Parish Council

repeated an earlier expressed wish that the proposed Hulme division be renamed Congleton Rural. A private individual thought Sandbach was poorly represented in the draft proposals but offered no solutions.

(d) Borough of Crewe and Nantwich

Crewe Liberal Party, the Constituency Labour Party, Wistaston and Willaston local Labour Party, a local councillor and a private individual all expressed support for the draft proposals whilst Wybunbury Parish Council offered no objections.

(e) Borough of Ellesmere Port and Neston

The Borough Council, the Borough Labour Party and Bebington and Ellesmere Port Labour Party all supported the draft proposals.

(f) Borough of Halton

The Borough Council informed us that they had no comments to make on the draft proposals whilst Runcorn, Widnes Constituency and Halton District Labour parties supported the proposals.

(g) Borough of Macclesfield

The Borough Council were opposed to the joining together of rural and urban areas within the same divisions and felt that numerical imbalances in the existing arrangements were not improved by our draft proposals which furthermore would break local ties. Alderley Edge Branch of Macclesfield Constituency Conservative and Unionist Association, the Macclesfield Constituency Conservative and Unionist Association and two private individuals were also all opposed to the draft proposals and would have preferred the existing electoral arrangements to continue. One County Councillor, 3 District Councillors, 3 Parish Councils, 3 Parish Meetings, one local Conservative Association branch and 14 private individuals all objected to the proposed Macclesfield Forest division on the grounds that the urban Macclesfield South borough ward has nothing in common with the rural Gawsorth and Sutton wards. Many expressed the wish that the existing Macclesfield Rural No 2 division be retained. Gawsorth Parish Council presented alternative proposals for six of the proposed divisions, namely

Alderley, Bollington and Disley, Macclesfield Forest, Macclesfield Ivy, Poynton and Upton and Prestbury. County Councillor T. A. S. Russell submitted three schemes for the same divisions that Gawsorth Parish Council wished to alter, as examples of how he thought the draft proposals could be improved. Prestbury Parish Council objected to being included in the proposed Upton and Prestbury division as they were opposed to mixed rural and urban divisions. For similar reasons Rainow Parish Council objected to their inclusion in the proposed Bollington and Disley division. Over Alderley and Birtles Branch of Macclesfield Conservative Association objected to the proposed Alderley division and would have preferred the existing arrangements to continue. Mr Nicholas R. Winterton, MP for Macclesfield, and one private individual, submitted alternative proposals for the same six divisions as Gawsorth Parish Council and Councillor Russell. Knutsford and Macclesfield Constituency Labour parties both supported the draft proposals whilst Millington Parish Council offered no adverse comments on them.

(g) Vale Royal District

The Vale Royal District Council set out in detail the reasons why they preferred the County Council's draft scheme to our draft proposals and, as noted earlier, the County Council supported their views; three County Councillors and a residents' association also supported the county council's draft scheme in total. Northwich Town Council, Vale Royal District and Northwich Constituency Labour parties supported the draft proposals. Northwich Constituency Conservative Association asked that their previously submitted proposals for the whole district be adopted. The Parish Council of Little Leigh wished the existing arrangements to continue as did the Kingsley Branch of Runcorn County Constituency Conservative Association. Winsford Town Council objected to draft proposals for the whole district but particularly to the Over Two and Vale Royal divisions. Marton Parish Council would have preferred a less misleading name for the proposed Cuddington and Marton division.

(h) Borough of Warrington

Several objections were raised to the names of some of the proposed divisions.

In particular Warrington Borough Council suggested that Bridgewater, Culcheth and Holcroft, and High Warren divisions be renamed 'Grappenhall, Stockton Heath and The Ball', 'Croft, Culcheth and Winwick', and 'Appleton, Stretton and Walton' respectively. The County Council suggested only that Culcheth and Holcroft should be called Culcheth and Southworth. Newton Constituency Labour Party and the Penketh and Sankey Labour Party would have preferred the Whitecross district ward to be removed from the proposed Penketh and Whitecross division. Penketh and Sankey Labour Party suggested that Whitecross should be added to either Orford and Bewsey or Fairfield and Howley divisions. Warrington Constituency Labour Party and Councillors W Avery and H D Hankey also objected to the division. Great Sankey Parish Council would have preferred to have two councillors allocated to the Great Sankey division. Burtonwood and Poulton with Fearnhead Parish Councils both supported the draft proposals.

9. When we came to reassess our draft proposals we took account of all the comments we had received and came to the following conclusions:-

(a) City of Chester

In our draft proposals we had transferred the Dodleston district ward from the proposed Broxton division. We saw no reason in the further evidence we had received to change our original decision to transfer it to the proposed Boughton and Vicars Cross division.

(b) Borough of Congleton

Our draft proposals in respect of this borough were identical with the/draft County Council's scheme. Much of the objection to them was a reiteration of views expressed on that scheme and offered no alternative solution. However, two of the objections we received were new. One claimed that Sandbach would be poorly represented but again offered no alternative to secure an improvement. The other objection concerned the combination of rural parishes and urban wards in three divisions within Congleton Town. An alternative was put forward that suggested two fresh divisions for the town which might have been numerically acceptable, but made no provision for the remaining rural parishes. If the latter were to be joined together in a single division they would be under-represented. In the

circumstances we concluded there were no grounds for changing our draft proposals.

(c) Borough of Macclesfield

Our draft proposals were the same as the County Council's draft scheme. The Borough Council reiterated their opposition to the changes to the existing arrangements. Most of the other objections received were similar to those made in response to the draft scheme in that they opposed the linking of rural parishes with urban wards, particularly in the proposed Macclesfield Forest division, and many of these objectors too would have liked the existing electoral arrangements to continue. Retention of the existing arrangements would have provided a significantly less even standard of representation than our draft proposals and we agreed with the County Council's view that this would not be acceptable. We considered carefully the other alternatives submitted in response to our draft proposals but none of them appeared to us to offer any overriding advantage compared to these proposals, which had the support of the County Council.

(d) Vale Royal District

We found that the detailed reasons given by the District Council and supported by the County Council explaining their preference for the draft scheme in respect of this district amounted to a very cogent case in favour of it and against our draft proposals. We therefore decided to revert to the County Council's draft scheme for our final proposals.

(e) Borough of Warrington

Several suggestions were submitted for name changes for four of the proposed divisions in order to better identify their constituent parts. Unfortunately, this resulted for the most part in cumbersome name combinations which we considered to be unacceptable. We did decide however to adopt the change of name for the Culcheth and Holcroft division to Culcheth and Southworth, which the County Council had suggested. Five objections were received about the joining of the Penketh and Cuerdley, and Whitecross, district wards but the alternatives suggested were numerically much poorer than our own draft proposals and therefore unacceptable.

10. In the light of the conclusions set out in paragraph 9 above we decided to confirm our draft proposals as our final proposals for the county, subject to the substitution of the divisions proposed by the County Council for the District of Vale Royal, and the change in the name of the proposed Culcheth and Holcroft division of Warrington.

11. Details of the final proposals are set out in Schedules 1 and 2 to this report and on the attached map. Schedule 1 gives the names of the electoral divisions. A detailed description of the boundaries of the proposed electoral divisions, as defined on the map, is set out in Schedule 2.

PUBLICATION

12. In accordance with Section 60(5)(b) of the Local Government Act 1972, a copy of the report and a copy of the map are being sent to the Cheshire County Council and will be available for inspection at the Council's main offices. Copies of this report (without the map) are being sent to all those who received the consultation letter and to those who made comments.
