Subject: Boundaries

I live in the parish of Greasley and want my boundaries to stay the same
There should be no need for 4G councilors at Broxtowe they should represent the area and it's people.
I do not want to be represented by someone who is in Eastwood for example.
There is absolutely no need to mess with anything we at Greasley have enough problems being accepted by
Broxtowe as it is. We are always being tried to be pushed into either Eastwood or kimberley. Please leave
well alone.

Comment text:

No where on your map shows Greasley. We in Greasley are very proud of the parish we live in and don't want to be put in with any other parishes that surround us. We have 3 borough councilors that represent the parish at BBC and are proud of the work they achieve. We need no changes so why is it necessary? We want councillors who represent greasley not Eastwood or watnal.
