The Boundary Commission,

Dear Sir or Madam,

Erith and Thamesmead Conservative Association are supportive of the proposed ward boundary changes for L.B. Bexley that has been put forward by Bexley Council to the Boundary Commission in the recent consultation.

We think that the reduced number of councilors and the areas covered by each ward is the best possible solution to give a similar approximate number of voters per councillor and at the same time to give the best sense of identity to each proposed ward.

Yours faithfully,

Cllr. John Davey
Chairman, Erith and Thamesmead Conservative Association
