Dear Sir/Madam

**Final Recommendations of Electoral Review for North Hertfordshire**

Kimpton Parish Council has received a copy of The Boundary Committee's report to the Electoral Commission. The Council is pleased that our representations, as expressed in our letter dated 24th August 2005, were accepted with the recommendation that Kimpton and Codicote are best served by single-member wards.

The Parish Council would like to comment that North Herts District Council elections were held in May 2006 for the ward of Kimpton and as there are no changes to be made with the ward boundary or structure, it would not seem necessary to hold a District Council election for Kimpton in May 2007.

Elections were held in May 2006 for Kimpton Parish Council, Codicote Parish Council and the District Council. In addition, due to the death of the serving County Councillor, there will be a County Council election on Thursday 22nd June. Therefore we do not believe that it is in the best interest of democracy to hold another District Council election in this ward in May 2007.

Yours sincerely

Mrs C Helm
**Clerk to Kimpton Parish Council**

C.c. Dr P Candler, North Hertfordshire District Council
