Organisation Name: Blaby District Councillor for Glenfield and resident of Glenfield

Comment text:

The proposed merging of Glenfields , Kirby Muxloe (KM) and Leicester Forest East (LFE) makes no sense and adds no value to the residents. Glenfields is not like Kirby Muxloe or LFE as a village. It is closely linked to the City boundary and has a very urbanised feel and mix whereas as KM and LFE are both more upmarket and exclusive in there appearance, character and residents views about their villages. The numbers of population for Glenfields will rise by 1000 minimum as Glenfield park and its 250 houses comes on stream. there is no value in a two member ward to cover three villages.
