Improving patient safety through education and support.

ACE Group Conference, 11th March 2020

**Birmingham Repertory Theatre
Centenary Square, Broad Street
Birmingham, B1 2EP**

Programme

8.30 - 9.30 Registration

8.30 - 9.45 Coffee and Cases

This is the perfect opportunity for you to present a case or query to a board member to discuss and for some expert advice. Delegates can submit cases prior to the conference and speak to a board member in person. Members of the ACE Group Board will be available in The Mezz before the main conference commences.

Doors to the House Theatre will be closed at 9.55, please ensure that you are seated. Late arrivals may have to wait until the interval.

10.00 – 10.15 Welcome by the Chair of ACE

Martyn King

10.15- 11.00 Is It A DON Deal?

Cormac Convery

Delayed Onset Nodules or DONs was the term first coined by the ACE Group several years ago and since this time, there have been many instances of them appearing in the literature. Dr Convery presents the latest evidence in identifying and managing these.

11.00 – 11.20 COFFEE BREAK

11.20 – 11.45 Risky Business

Gillian Murray

Gillian Murray, the newest addition to the ACE Group board, talks about what we should look for in the medical history which could identify potential risks for treatments.

11.45 – 12.00 Top Tips

Emma Davies

When it comes to patient consultations, assessments, treatment advice, consent and aftercare there are certain strategies that can help the practitioner. Emma Davies presents her top tips.

12.00 – 12.20 Good Call, Bad Call & Decorum on the Forum Linda Mather

The ACE Group Emergency Helpline is available to all subscribers of the ACE Group and calls are diverted to several experienced practitioners, often working in their own busy clinics. It is important that if you do need to call the Emergency Helpline, you present your case in a professional manner and have all the information that you need at hand. Linda Mather who is responsible for the most calls taken gives advice on how to use the helpline and forum most effectively.

12.20 – 13.00 Lip Service Lee Walker

Renowned for his lip augmentation training and techniques, Lee Walker discusses what we should consider when treating the lips, including anatomy, blood supply, patient selection, product selection, cannula versus needle and techniques to prevent those dreaded lumpy lips!

13.00 – 14.00 LUNCH

14.00 – 14.45 The Case Files Martyn King

Interactive case presentations and quiz on various aesthetic complications that have been submitted to the ACE Group over the years.

14.45 – 15.30 Facing Up To Anatomy Lee Walker

Back by popular demand, Lee Walker gives his lecture on anatomical considerations for facial aesthetic treatments. Where to go and where not to go!

15.30 – 15.50 COFFEE BREAK

15.50 – 17.10 Occlusion Conclusions

Vascular occlusion is one of the most feared complications from our members and it seems to be on the rise! The ACE Group helpline is involved with a vascular occlusion on almost a daily basis from its members and so this is obviously a large focus of the conference.

Gillian Murray Early, intermittent and late presentations.

Cormac Convery Treatment strategy depending on time of presentation.

Lee Walker Reconstitution of Hyalase® for different indications.

Martyn King Top tips when dealing with a vascular occlusion.

17.10 – 17.30 ACE Group Board Panel – Questions from the audience

Emma Davies, Sharon King, Cormac Convery, Lee Walker, Linda Mather and Gillian Murray.

17.30 CONFERENCE CLOSES
