

ALLPORT CARGO SERVICES

ENVIRONMENTAL POLICY STATEMENT

Allport Cargo Services recognises the importance of environmental protection and we are committed to operating our business responsibly and in compliance with all legal requirements.

It is our objective to carry out all measures reasonably practicable to meet all necessary requirements and to continually improve environmental performance. Having reviewed specifically our UK business, activities and services our significant environmental impacts are associated with the use of fuel, road traffic, energy usage and waste disposal.

In order to reduce the negative impacts as much as practicable we commit to the following:

- Comply with all relevant legal and regulatory requirements
- We intend to continuously improve our recycling and waste disposal.
- Providing all necessary training and a working environment that promotes safe and clean working practices.
- We shall continuously monitor our activities and processes to ensure efficient use of resources and to minimise waste generation.
- Continuously identify areas of the business activity which may cause pollution and we will implement sufficient control measures to prevent pollution occurring.
- We shall ensure that industry good practice is used at all times.

The company will foster environmental awareness and understanding in all employees, suppliers, customers, subcontractors and other stakeholders.

We review the environmental performance of the company on an annual basis in order to:

- Ensure compliance with the requirements of legislation and this policy.
- Identify areas for improvement, set specific objectives for the company wherever possible, and target dates for achievement to continually improve our processes and procedures.
