

## AN INTRODUCTION TO SKIN SURGERY FOR NURSES

**Ninewells Hospital & Medical School,  
Dundee**

**Thursday, 14<sup>th</sup> & Friday, 15<sup>th</sup> March 2019**

**REGISTRARTION £170**

The Dermatology Department in Ninewells Hospital in Dundee would like to welcome you to **an Introduction to Skin Surgery for Nurses**. This is a **2-day** basic course designed to give practitioners who are considering performing nurse-led skin surgery, some theoretical knowledge and practice. Nurses will require further training and support from a clinician to complete training under supervision in their own area. Medical and nursing staff involved in skin surgery will provide the lectures and support the practical sessions.

Supervised practical sessions will be provided each day to consolidate theory.

All equipment required for the course will be provided. The practical sessions will be taught on pig skin, therefore anyone who is unable to work on pig skin should notify us in advance.

### Included in course fees:

- Morning coffee/tea and a light lunch on both days
- Please note delegates are responsible for booking their own accommodation.

### **Certificate of Attendance**

Certificates will be emailed out at the end of the course to those who have completed both days. It should be noted that this is a certificate of attendance and does not deem you competent at skin surgery. Nurses should work within their own hospital's competencies and practice under supervision until deemed competent by their mentor.

### **Accommodation**

[www.angusanddundee.co.uk](http://www.angusanddundee.co.uk)

Delegates are responsible for booking their own accommodation.
