

Photodynamic Therapy (PDT) Study Day

On behalf of Biofrontera I would like to invite you to attend one of a series of study days on Photodynamic Therapy or PDT. These one day educational workshops are intended to provide an introduction to both the science behind PDT and its practical application in a clinical setting. During what will be a highly interactive day the faculty will review current guidelines for the delivery of PDT, share case studies and provide lots of opportunities for questions and discussion. A full agenda is attached overleaf. All delegates will be provided with a certificate of attendance.

Workshop Dates

Birmingham	Monday 4th March 2019
London	Monday 25th March 2019
Manchester	Tuesday 26th March 2019

Workshops will run from 10am to 4:15pm with registration from 9am on the day. Birmingham workshop is being held in association with British Dermatological Nursing Group.

Should you wish to attend one of the above events or would like more information please contact us at the following email address: enquiries-uk@biofrontera.com

Biofrontera are delighted to be able to support such educational initiatives and I hope that you are able to attend.

Yours sincerely

Sandy Richardson

Country Manager Biofrontera Pharma UK & Ireland

Promotional material will be presented at these workshops which are organised and funded by Biofrontera
