Pre-Booked Appointment

Welcome to Solihull Urgent Treatment Centre

Due to high demand and success of the new service we can only see patients with a pre booked arrival slot.

It is easy to book in by registering your details and booking a time on a smart phone or device.

The booking website means you can see what is available and choose a time. This means less waiting time and crowding in the centre. It also means we can give safer care to patients.

Book ahead on the website. Questions and Answers on how to use it and times available are at the foot of the front page.

www.badgeruts.uk

If you need help with your booking our helpline number is:0121 766 2111

BOOKINGS BY NHS111

Please note there are two separate services operating within this urgent treatment centre

If NHS111 have given you an appointment time this is for the MINOR INJURY UNIT. You should check in at their desk in the waiting room, you should not use the BadgerUTS web site.
