## 1 We can deliver directly to your customers

- Your customer finds the tools they need on [drapertools.com](http://drapertools.com) or in our catalogue/promotion
- They contact you quoting the Draper 5-digit stock number or part number
- You contact us to place your customer's order with full address details
- We send the order directly to your customer, on your behalf\*

## 2 We can still deliver to you

Just place an order with us and we'll deliver to you.

## 3 We've created some social media content for you to share

We are offering a FREE personalisation service, to create posts for your own social media channels. See the next page for more details...
