INTRODUCTION

Choosing a beautiful new kitchen is an exciting experience. After all, it's a chance to put a little bit of your own personality into one of the most important rooms in your home...

And the good news is there are plenty of fabulous styles to choose from in the Kitchen Collection, from the time-honoured traditional timber designs to the more adventurous high gloss contemporary look.

You'll also be pleased to know that we take our environmental responsibilities very seriously. We've gained the quality assurance accreditation BS 9002 Part 2, and subsequently BS EN ISO 14001:2004 – independently endorsing our activities to limit the impact on the environment.

The Furniture Industry Research Association Ltd (FIRA) is one of the world's leading furniture technology centres. The FIRA Gold Award is the ultimate mark of product excellence and completely evaluates quality, fit for purpose and workmanship of our ranges. We are proud that all our ranges achieve FIRA Gold Award accreditation.

WORK SURFACES

Durable with easy-clean technology, our range of laminate work surfaces offer individuality in your kitchen.

22MM LAMINATED PVC EDGED WORKTOPS

40MM POSTFORMED & PVC-EDGED WORKTOPS

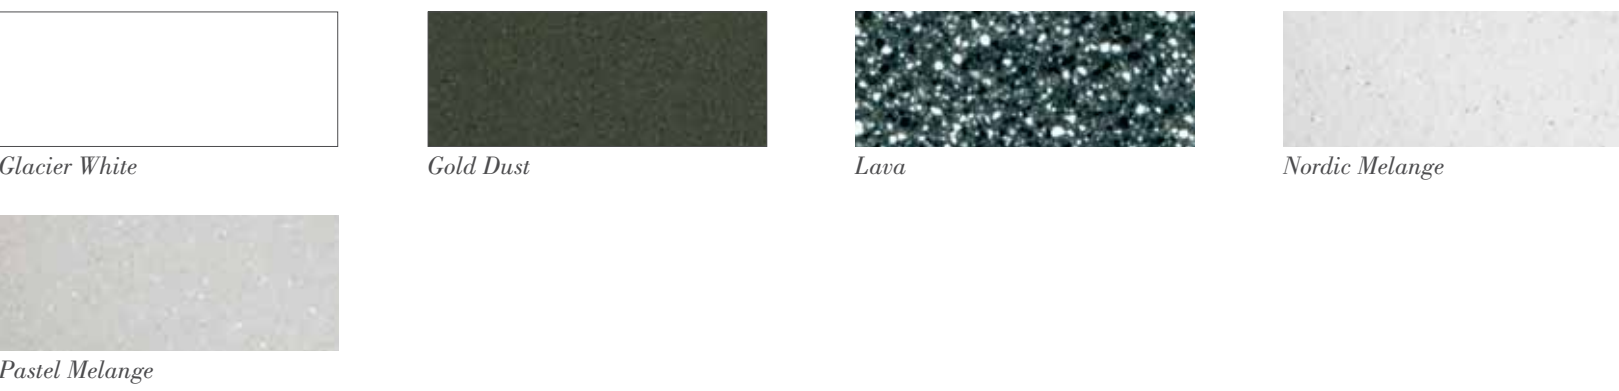

Please note: Colour reproduction is as accurate as printing techniques allow

40MM PREMIUM POSTFORMED WORKTOPS

Our range of premium worktops have been developed to have a tighter radius of 3mm for a more contemporary look and feel.

EARTHSTONE SOLID SURFACE WORKTOPS

Please note: All our worksurfaces comply with FIRA Gold Product Certification performance requirements.

GLASS SPLASHBACKS & UPSTANDS

Glass is such a wonderfully versatile material.

Our glass splashbacks and upstands are a great alternative to tiles, but their appeal goes far beyond the practical: they also make a centrepiece for the entire kitchen.

					
<i>Anthracite</i>	<i>Blue</i>	<i>Bride</i>	<i>Bronze</i>	<i>Cashmere</i>	<i>Chalk White</i>

As with all work surfaces, Symphony’s products may become scratched or tarnished in everyday use. All of Symphony’s worktops, including our gloss finished worktops, are constructed to a very high standard and come with a 5 year warranty. On gloss finish worktops, scratches arising in everyday use may be more visible due to the greater amount of light reflected from the gloss surface. The appearance of scratches does not in itself mean that the product is not of satisfactory quality. Symphony use numerous materials in the manufacture of your kitchen and these different products may reflect light in different ways. Accordingly, this may give rise to the appearance that the colours of the different components of your kitchen do not match absolutely. A slight difference in colour between different components does not in itself mean that the product is not of satisfactory quality. This does not affect your statutory rights. To ensure the continuous development and improvement of our products, we reserve the right to make changes to the colour, design and descriptions or methods of manufacture of our furniture. Such changes may be made without prior notice and without incurring liability. In many of our products we use wood, a natural living material which will reflect a numerous variety of grains and textures and so variances must be allowed for. Styles that feature timber, PVC, laminates, painted and melamine finishes may incur a slight colour change over the years. The term ‘solid timber’ applies to door and drawer fronts only. Colour reproduction in this brochure is as accurate as printing techniques will allow. Not every showroom contains these products. The Kitchen Collection is a registered trademark of The Symphony Group PLC.
