Antwerp, October 15th-17th 2018

## COMMUNITY HEALTH

### The “community” in health system delivery: Roadmap for 2019

#### WHEN ?

Whole of post lunch of day 2

**13:30 - 15:00**

#### HOW ?

A plenary followed by a Parallel session and group work (around 25-30 participants)

#### OBJECTIVES

- (1) Mandate and progress of the CoP in proof of concept phase.
- (2) To draw lessons from other established CoP.
- (3) Road map for 2019 (4) to explore synergy with networks and individuals.

#### POSSIBLE OUTPUT

An action plan and roadmap for phase II of the CoP

#### PLENARY SESSION

The session will be introduced by **Sanghita Bhattacharyya**, who will present the objective, mandate, and activities for the phase-I. She will lay the expectation for phase-II and the contribution that is needed.

#### PARALLEL SESSION

**Hannah Sarah Dini** from UNICEF will focus on commitment to the initiative, the community health landscape and the synergy that can be established.

**Rachael Tembo** and **Maxime Rouve** will highlight the success and challenges based on the monitoring data of the CoP. The floor will be open for suggestions and feedback from the members who have experience in CoP, particularly those working with social / community networks, CHWs. The discussion will focus on what are the triggers and facilitators to engage members in a CoP; the key domains of community health in the context of UHC and the network and linkages that needs to be established.

**Elizabeth Mago** and **Aubin Nino Baleba** will stir the discussion among the participants.

#### PARALLEL SESSION

**Sanghita Bhattacharyya** will provide a basic guideline for this session; key question to be addressed and based on the discussion of the parallel session the group work will aim to develop the roadmap for 2019. The focus will be on key themes and domain to focus in CH in the era of UHC, nature of activities to undertake in CoP; role of facilitation team (how much and how long); the drivers for members to stay engaged and partnership that needs to be established.

The participants can be divided into small sub-groups [based on participants experience and interest]. “Think-Pair-Share” strategy can be used to formulate and share ideas in those small groups for each learning questions and objectives.

General facilitation: **Sanghita Bhattacharyya, Elizabeth Mago and Aubin Nino Baleba**
